DR. JONES. Sir.: For six years my son was very much afflicted with Ozoena or Catarrh in the nose. I had tried various requestes, and had placed him under several different kinds of trestment, but the disease steadily progressed, and I had aimost despaired of his being cared, when I chanced to read a notice of Dr. Jones' successful treatment of Catarrh. He was then stopping for a time in Calambus, Onto, mar which city I then resided, and though I had little faith, thought I would make one more effort for my son's teller; and as immediately began taking Dr. Jones' medicines, and contract to taking Dr. Jones' medicines, and contract to taking Dr. Jones' medicines, as the end of which time he was perfectly cared. There never has been, nor is there now at the lapse of two years, the least appearance of a return of the disease.
